About WiCS UH

Inspired by Women in Cyber Security (WiCyS), this organization was founded by Annie Jamshed, Afnan Alabdullatif and Barry Yim with the tremendous support of Wm. Arthur Conklin and Denise Kinsey at University of Houston.

Mission of WiCS UH

The mission of this organization consists of the following:

- ◆ To help encourage and support women in cyber security by providing them with technical and non-technical resources necessary to ensure their success in the academia and in the field upon graduation.
- ◆ Conduct workshops to provide technical training to the women from non-technical fields in cyber security to help overcome any technical gap
- ◆ Provide networking opportunities to women in the field
- ◆ Provide a platform to the members to collaborate, share ideas and celebrate achievements
- ◆ Promote gender diversity in Cyber Security to increase gender diversity
